Shipyard:	Ferretti
Length overall:	28.31 m / 92.88 ft
Beam:	7 m / 22.97 ft
Draft:	2.21 m / 7.25 ft
Displacement:	106 t
Hull material:	GRP
Engines:	2 x MAN V8 1200
Max speed:	16 kt
Cruise speed:	13.5 kt
Accommodation:	10 guests in 5 staterooms, 6 crew in 3 cabins

Description

The Navetta 28 is recognisable from the unmistakable exterior profile and the panoramic dining area with round glass sliding doors which allow for great flexibility in the use of the upper deck. The large sunbathing area is a comfortable private deck, which on request can be fitted with a Jacuzzi tub and awning. On the main deck, a continuous window goes from stern to bow, while below deck there are four innovative hull windows at the level of the guest cabins, installed for the first time on the market, with "invisible" portholes glued onto the glass itself. The real cutting-edge innovation is in the stern area. The Dual Mode Transom (DMT), a Ferretti Group patent, combines in a single system a floodable garage, a diving platform and a spacious Beach Club, actually the largest ever on yacht models this size. When guests walk into the salon, they are welcomed by a large, carefully structured open space. Starboard you have the galley, towards the bow, you reach the area reserved to the ship owner with a large bathroom. Below deck you have four guest cabins, three of which with double beds (the two stern cabins can have twin beds), all of them with en-suite head. Also the audio/video equipment is state-of-the-art: "VOTIS" (Videoworks One Touch Infotainment System) makes it possible to control via iPad the whole entertainment system on board, replacing through a single support all the remote controls for the various devices on board. This control can also be extended to other areas on the yacht. As for powering, the twin MAN V8 engines at 1.200 mhp allow for a top speed of 16 knots and 13,5 cruise speed. As standard the yacht is fitted with underway electro-hydraulic fins for navigation and gyro stabilisers. On request - and fitted on the first unit - it is possible to install "zero-speed" fins, for a further alternative comfort mode while the yacht is moored at anchor.

All speeds, measurements, capacities, consumptions, etc., may be approximate or estimated. Specifications provided for information only. Data was obtained from sources believed to be reliable and is not guaranteed by Owner or Brokers. Buyer assumes the responsibility to ascertain the correctness of all data contained herein and otherwise provided and must instruct his agent and surveyors to confirm all details for accuracy prior to purchase. Subject to prior sale, price and inventory change, or withdrawal from market without notice.
