

# SEGUE 55 FLYBRIDGE

**Expect exceptional**  
Performance, luxury and tradition ...

There are many details that make the NEW SEGUE 55 FLYBRIDGE incomparable with what exists today in the nautical market. This new project of the Segue Shipyards privileges the sinuosity of The aggressive external lines thus transforming it into a boat with a modern and unique style, which make other boats in its category visually out of fashion.

## SPECIFICATIONS

In the NEW SEGUE 55, the wide spaces were valued, its large main cabin located in the center of the boat with excellent interior heights and the large side windows that allow a greater entry of natural light make this boat an exceptional cruiser. Beautifully hand crafted by Master Crafts People, utilizing their well-honed skills to work the high quality materials and components into a wonderfully versatile home on the waves. The wooden decks, polished stainless steel and glass, the leather upholstery, the high tech equipment, all serve to wrap you in the Unique, Elegant and Exclusive world that is Segue Yachts.
